

Same Figure Hexagonal Test

Direction (1-10): In each question given below, there are five answer figures on the right side, below which A, B, C, D, E are written. Any one of them is similar to the question shape given on the left. Darken the circle given in the answer sheet to the letter below the answer figure selected similar to the question figure.

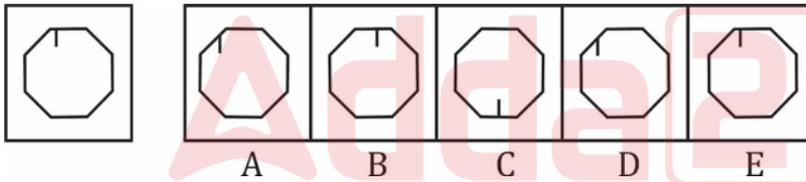

निर्देश (1-10): नीचे दिये गए प्रत्येक प्रश्न में दायीं ओर पाँच उत्तर-आकृतियाँ, जिनके नीचे A, B, C, D, E लिखा है। उनमें से कोई एक बायीं ओर दी गई प्रश्न-आकृति के समान है। प्रश्न-आकृति के समान चयन किया गया उत्तर-आकृति के नीचे के अक्षर को उत्तर-पत्रक में दिए गोले को काला करें।

Q1.

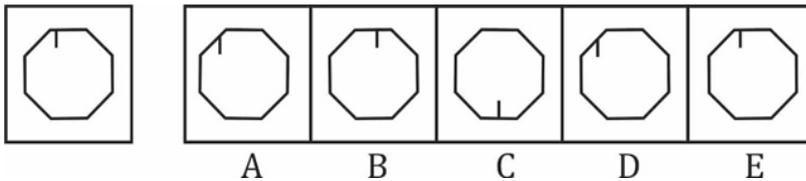

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q2.

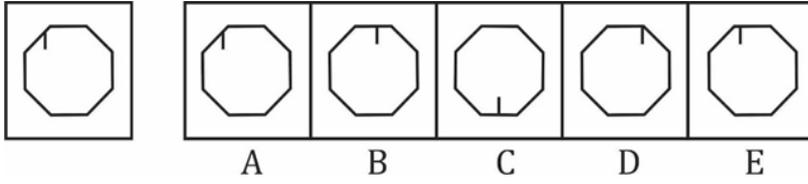

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q3.

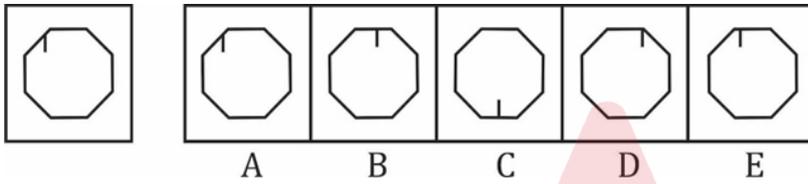

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q4.

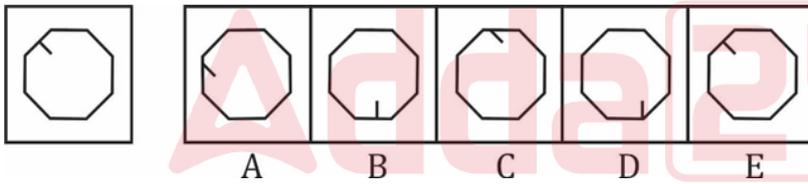

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q5.

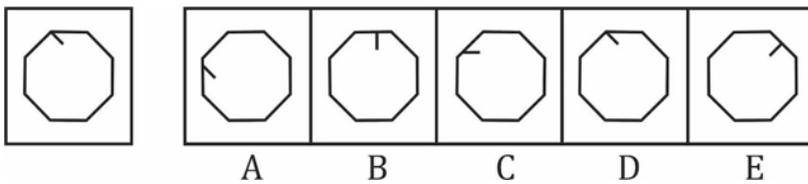

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q6.

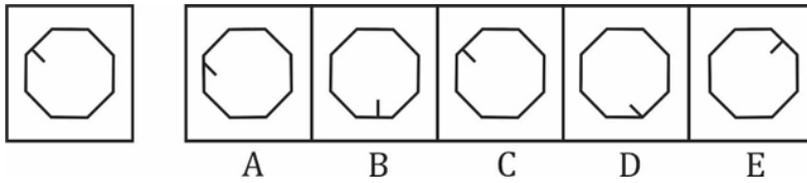

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q7.

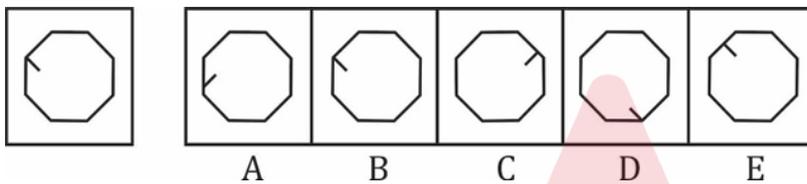

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q8.

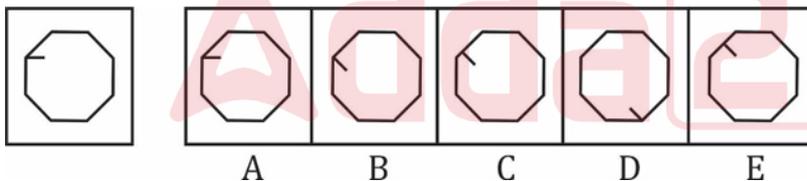

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q9.

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Q10.

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Solutions

S1. Ans.(b)

Sol. The correct answer is (b)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option b. This makes B the correct answer.

In all other options (A, C, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S2. Ans.(e)

Sol. The correct answer is (e)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option E. This makes E the correct answer.

In all other options (A, B, C, D) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S3. Ans.(e)

Sol. The correct answer is (e)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option E. This makes E the correct answer.

In all other options (A, B, C, D) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S4. Ans.(a)

Sol. The correct answer is (a)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option A. This makes A the correct answer.

In all other options (B, C, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S5. Ans.(a)

Sol. The correct answer is (a)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option A. This makes A the correct answer.

In all other options (B, C, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S6. Ans.(e)

Sol. The correct answer is (e)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option E. This makes E the correct answer.

In all other options (A, B, C, D) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S7. Ans.(d)

Sol. The correct answer is (d)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option D. This makes D the correct answer.

In all other options (A, B, C, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S8. Ans.(c)

Sol. The correct answer is (c)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option C. This makes C the correct answer.

In all other options (A, B, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S9. Ans.(b)

Sol. The correct answer is (b)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option B. This makes B the correct answer.

In all other options (A, C, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.

S10. Ans.(a)

Sol. The correct answer is (a)

In the question figure, the position and orientation of the small line inside the octagon perfectly match with option A. This makes A the correct answer.

In all other options (B, C, D, E) the position and orientation of the small line do not match the question figure, which makes them incorrect.
