

IBPS RRB PO Mains Reasoning 2020 Memory Based

Q1. Who faces A?

Read the following information carefully and answer the following questions.

Twelve persons are sitting in two parallel rows containing six persons each in a way that there is an equal distance between two adjacent persons. A, B, C, D, E, F sits in row 1 and faces north, P, Q, R, S, T, U sits in row 2 and faces south but not necessarily in the same order. Therefore, in this arrangement each member seated in a row faces another member of the other row.

A sits fourth to the left of B and one of them sits at extreme ends. Only one person sits between Q and R. C sits third to the right of D. R faces C. More than two persons sit to the right of Q. Only one person sit between P and T and T does not sit near to Q. Two persons sit between U, who faces E and S, who does not face A.

- (a) R
- (b) T
- (c) S
- (d) The person sitting immediate right of U
- (e) Both (b) and (d)

Ans.(e)

Q2. Who sits exactly between R and U?

Read the following information carefully and answer the following questions.

Twelve persons are sitting in two parallel rows containing six persons each in a way that there is an equal distance between two adjacent persons. A, B, C, D, E, F sits in row 1 and faces north, P, Q, R, S, T, U sits in row 2 and faces south but not necessarily in the same order. Therefore, in this arrangement each member seated in a row faces another member of the other row.

A sits fourth to the left of B and one of them sits at extreme ends. Only one person sits between Q and R. C sits third to the right of D. R faces C. More than two persons sit to the right of Q. Only one person sit between P and T and T does not sit near to Q. Two persons sit between U, who faces E and S, who does not face A.

- (a) T
- (b) P
- (c) S
- (d) The one who faces B
- (e) None of these

Ans.(e)

Q3. Four of the following five are alike in a certain way based on a group, which among the following does not belong to that group?

Read the following information carefully and answer the following questions.

Twelve persons are sitting in two parallel rows containing six persons each in a way that there is an equal distance between two adjacent persons. A, B, C, D, E, F sits in row 1 and faces north, P, Q, R, S, T, U

sits in row 2 and faces south but not necessarily in the same order. Therefore, in this arrangement each member seated in a row faces another member of the other row.

A sits fourth to the left of B and one of them sits at extreme ends. Only one person sits between Q and R. C sits third to the right of D. R faces C. More than two persons sit to the right of Q. Only one person sit between P and T and T does not sit near to Q. Two persons sit between U, who faces E and S, who does not face A.

(a) R

(b) T

(c) B

(d) C

(e) A

Ans.(c)

Q4.

Statements:

$P < S \geq I, S > F, M = F < B, Q = K = Y < L < B$

Conclusions:

I. $Q < B$

II. $B \geq Q$

III. $P > F$

IV. $M = B$

In these questions, relationship between different elements is shown in the statements. These statements are followed by three/four conclusions. Read the statements and then decide which of the following conclusions follow from the given statements.

(a) Only II and III follow

(b) Only III and IV follow

(c) Only I, II and III follow

(d) Only I and IV follow

(e) None of these

Ans.(e)

Q5.

Statement:

$N \geq M > E = F > L < U, K \geq L < Q < R = A$

Conclusions:

I. $N < A$

II. $K < E$

III. $M > L$

IV. $M = L$

In these questions, relationship between different elements is shown in the statements. These statements are followed by three/four conclusions. Read the statements and then decide which of the following conclusions follow from the given statements.

(a) Only I follow

(b) Only II and IV follow

- (c) Only III and IV follow
(d) Only III follows
(e) Only I and III follow

Ans.(d)

Q6.

Statement:

$O > M = T > B > S = F, F > W < Q = U > Z$

Conclusions:

I. $F < O$

II. $O \leq B$

III. $S < U$

IV. $O > W$

In these questions, relationship between different elements is shown in the statements. These statements are followed by three/four conclusions. Read the statements and then decide which of the following conclusions follow from the given statements.

- (a) Only I follow
(b) Only I and IV follow
(c) Only III and IV follow
(d) Only II follows
(e) Only I and III follow

Ans.(b)

Q7.

Statement:

$Q = T \leq B > S = E, E > W > L > U = Z$

Conclusions:

I. $Q = B$

II. $Q < B$

III. $B < Z$

IV. $B > U$

In these questions, relationship between different elements is shown in the statements. These statements are followed by three/four conclusions. Read the statements and then decide which of the following conclusions follow from the given statements.

- (a) Only I follow
(b) Only I and IV follow
(c) Only III and IV follow
(d) Only Either I or II and IV follows
(e) Only I and III follow

Ans.(d)

Q8. Seven Boxes B1, B2, B3, B4, B5, B6, and B7 are kept one above another but not necessarily in the same order. What is the position of Box B7 with respect to Box B3, If Box B3 is not kept at the top?

(I) Only two boxes are kept between Box B5 and Box B6, which is kept in top three places. Only one Box is kept between Box B2 and Box B3.

(II) The number of boxes kept below Box B5 is same as the number of boxes kept above Box B2.

(III) Box B7 is kept one of the places below Box B5. Box B2 is kept above Box B1.

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer.

(a) If the data in statement I and II are sufficient to answer the question.

(b) If the data in statement II and III are sufficient to answer the question.

(c) If the data in statement I and III are sufficient to answer the question.

(d) If the data in all the statements I, II and III together are not sufficient to answer the question.

(e) If all the statements I, II and III are necessary to answer the question.

Ans.(e)

Q9. Seven persons A, B, C, D, E, F, and G are members of a family. How is C related to G?

(I) A is married to the mother of D, who is the sister of C.

(II) F is married to G, who is the father of E.

(III) E is the nephew of the mother of C.

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer.

(a) If the data in statement I and II are sufficient to answer the question.

(b) If the data in statement II and III are sufficient to answer the question.

(c) If the data in statement I and III are sufficient to answer the question.

(d) If the data in all the statements I, II and III together are not sufficient to answer the question.

(e) If all the statements I, II and III are necessary to answer the question.

Ans.(d)

Q10. What will be the code for 'candid'?

(I)if 'candid moments are beautiful ' is coded as ' br, pa, ur, mo'

(II) ' moments are cherished' is coded as ' br, mo, zc,'

(III) 'enjoy candid moments ' is coded as 'pa, br, ti,'

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer.

(a) If the data in statement I and II are sufficient to answer the question.

(b) If the data in statement II and III are sufficient to answer the question.

(c) If the data in statement I and III are sufficient to answer the question.

(d) If the data in all the statements I, II and III together are not sufficient to answer the question.

(e) If all the statements I, II and III are necessary to answer the question.

Ans.(e)

Q11. Eight persons P, Q, R, S, T, U, V and W are sitting around a square table such that four of them sit at the corner and for of them sits in the middle of the sides facing the center, but not necessarily in the same order. How many persons sit between R and T, when counted from left of T?

(I) Three persons sit between P and Q, who does not sit at any corner. S does not sit at any corner of the table and also does not sit near to R.

(II) W sits third to the left of Q and three persons sit between W and R.

(III) V does not sit near to R and P.

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer.

(a) If the data in statement I and II are sufficient to answer the question.

(b) If the data in statement II and III are sufficient to answer the question.

(c) If the data in statement I and III are sufficient to answer the question.

(d) If the data in all the statements I, II and III together are not sufficient to answer the question.

(e) If all the statements I, II and III are necessary to answer the question.

Ans.(d)

Q12. Eight persons P, Q, R, S, T, U, V and W are living in a building of eight floors such that the ground floor is numbered as 1 and the topmost floor is numbered as 8 but not necessarily in the same order. If T lives one of the floors below U, then how many persons live between W and T?

(I) Only three persons live between Q and S, who lives above Q. S lives on an even number floor.

(II) Only three persons live between P and U, who lives immediately below Q.

(III) Only two persons live between S and W.

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer.

(a) If the data in statement I and II are sufficient to answer the question.

(b) If the data in statement II and III are sufficient to answer the question.

(c) If the data in statement I and III are sufficient to answer the question.

(d) If the data in all the statements I, II and III together are not sufficient to answer the question.

(e) If all the statements I, II and III are necessary to answer the question.

Ans.(d)

Q13. If F is taller than A and the sum of height of A and E is 325cm, then what can be the possible height of D?

Study the following information carefully and answer the questions given below:

Eight persons A, B, C, D, E, F, G, and H have different heights. B is taller than only one person. D is taller than E but shorter than A. The second tallest person height is 175cm. C is taller than A and F. F's height is 170cm. E is taller than G but not just shorter than F. The third shortest person height is 160cm. C is not the one who is tallest.

(a) 165cm

(b) 152cm

- (c) 150cm
(d) 161cm
(e) None of these

Ans.(d)

Q14. If the Sum of height of C and H is 360cm and the sum of height of G and E is 315 cm, then what will be the sum of height of H and G?

Study the following information carefully and answer the questions given below:

Eight persons A, B, C, D, E, F, G, and H have different heights. B is taller than only one person. D is taller than E but shorter than A. The second tallest person height is 175cm. C is taller than A and F. F's height is 170cm. E is taller than G but not just shorter than F. The third shortest person height is 160cm. C is not the one who is tallest.

- (a) 355cm
(b) 340cm
(c) 350cm
(d) Both (a) and (b)
(e) Cannot be determined

Ans.(b)

Q15. Statement:

"If you are intelligent, we are the right people for improving your performance." – An advertisement of a coaching institute.

Assumptions:

- I. Brilliant students prefer to join coaching classes.
II. Coaching classes help the students to improve their performance.
III. No other institute provides such coaching.

In the following question a statement is given followed by three assumptions numbered as I, II and III. You have to read all the statements and decide which of the assumptions follows the mentioned in statement.

- (a) Only I and II are implicit
(b) Only II and III are implicit
(c) Only I and III are implicit
(d) All are implicit
(e) None of these

Ans.(a)

Q16. Statement:

'Several labour and industrial courts in this State have no proper premises. Vacancies of judges and stenographers are kept pending.' – A statement of a retired judge of State X.

Assumptions:

- I. Adequate number of staff and judges helps in the smooth functioning of the industrial and labour courts.
II. The state is not bothered about the condition of the labour and industrial courts.

III. Physical facilities of an office help in increasing efficiency of its employees.

In the following question a statement is given followed by three assumptions numbered as I, II and III. You have to read all the statements and decide which of the assumptions follows the mentioned in statement.

- (a) Only I and III are implicit
- (b) Only II is implicit
- (c) Only II and III are implicit
- (d) All I, II and III are implicit
- (e) None of these

Ans.(d)

Q17. What is the shortest distance between Pole A and Pole C?

Read the information carefully and answer the following questions.

Seven poles namely A, B, C, D, E, F, and G are installed in a society for electric wires. Pole D is 5m to the east of Pole A. Pole F is 8m to the west of Pole B, which is 15m south of Pole D. Pole E is 3m west of Pole A. Pole C is 15m to the east of Pole G, which is 12 m north of Pole A.

- (a) 11m
- (b) $\sqrt{369}$ m
- (c) $\sqrt{129}$ m
- (d) 17m
- (e) None of the above

Ans.(b)

Q18. What is the shortest distance between Pole F and Pole E?

Read the information carefully and answer the following questions.

Seven poles namely A, B, C, D, E, F, and G are installed in a society for electric wires. Pole D is 5m to the east of Pole A. Pole F is 8m to the west of Pole B, which is 15m south of Pole D. Pole E is 3m west of Pole A. Pole C is 15m to the east of Pole G, which is 12 m north of Pole A.

- (a) 11m
- (b) 13m
- (c) 16m
- (d) 15m
- (e) None of the above

Ans.(d)

Q19. Who is Paternal Grandmother of C?

Study the following information carefully and answer the questions given below:

Eight persons A, B, C, D, E, F, G, and H are members of a family consisting of three generations and two married couples. Both H and B are male and C is the only brother of E, who is granddaughter of H. Neither A nor B is married to H, who has two children and one of them is unmarried. G is the paternal aunt of F, who is married to the mother of C.

- (a) H
- (b) A

- (c) B
- (d) D
- (e) None of these

Ans.(d)

Q20. How is B related to G?

Study the following information carefully and answer the questions given below:

Eight persons A, B, C, D, E, F, G, and H are members of a family consisting of three generations and two married couples. Both H and B are male and C is the only brother of E, who is granddaughter of H. Neither A nor B is married to H, who has two children and one of them is unmarried. G is the paternal aunt of F, who is married to the mother of C.

- (a) Niece
- (b) Brother
- (c) Nephew
- (d) Father
- (e) None of these

Ans.(c)

Q21. Which Box Contains Shampoo?

Study the following information carefully and answer the questions given below:

Eight boxes P, Q, R, S, T, A, B, and C are kept one above another, each box contains different products viz. Shampoo, Soaps, Detergent, Oils, Creams, Spices, Biscuits and Toffees but not necessarily in the same order.

Only two boxes are kept between box of Toffee and the box of Shampoo and both boxes are kept above the box of oils. Box R is kept just below the box of Detergent. Box C is kept above Box S but below Box T. Three boxes are kept between Box A, which doesn't contain Spices and Creams and Box P, which doesn't contain Biscuits and Toffee. The box which contains Soaps is kept just below Box P. Only three boxes are kept between the box of Soaps and the box of Oils. Box Q is kept just below the box of oils. Two boxes are kept between the box of Biscuits, which is kept at the top and Box B, which doesn't contains Soaps and Spices.

- (a) Box S
- (b) Box A
- (c) Box B
- (d) Box T
- (e) None of these

Ans.(e)

Q22. How many Boxes are kept between Box Q and the box which contains Soaps?

Study the following information carefully and answer the questions given below:

Eight boxes P, Q, R, S, T, A, B, and C are kept one above another, each box contains different products viz. Shampoo, Soaps, Detergent, Oils, Creams, Spices, Biscuits and Toffees but not necessarily in the same order.

Only two boxes are kept between box of Toffee and the box of Shampoo and both boxes are kept above the box of oils. Box R is kept just below the box of Detergent. Box C is kept above Box S but below Box T. Three boxes are kept between Box A, which doesn't contain Spices and Creams and Box P, which doesn't contain Biscuits and Toffee. The box which contains Soaps is kept just below Box P. Only three boxes are kept between the box of Soaps and the box of Oils. Box Q is kept just below the box of oils. Two boxes are kept between the box of Biscuits, which is kept at the top and Box B, which doesn't contains Soaps and Spices.

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) None of these

Ans.(d)

Q23. The number of boxes kept below P is same as above_____?

Study the following information carefully and answer the questions given below:

Eight boxes P, Q, R, S, T, A, B, and C are kept one above another, each box contains different products viz. Shampoo, Soaps, Detergent, Oils, Creams, Spices, Biscuits and Toffees but not necessarily in the same order.

Only two boxes are kept between box of Toffee and the box of Shampoo and both boxes are kept above the box of oils. Box R is kept just below the box of Detergent. Box C is kept above Box S but below Box T. Three boxes are kept between Box A, which doesn't contain Spices and Creams and Box P, which doesn't contain Biscuits and Toffee. The box which contains Soaps is kept just below Box P. Only three boxes are kept between the box of Soaps and the box of Oils. Box Q is kept just below the box of oils. Two boxes are kept between the box of Biscuits, which is kept at the top and Box B, which doesn't contains Soaps and Spices.

- (a) T
- (b) A
- (c) B
- (d) R
- (e) None of these

Ans.(d)

Q24. Choose the incorrect combination from the given alternatives?

Study the following information carefully and answer the questions given below:

Eight boxes P, Q, R, S, T, A, B, and C are kept one above another, each box contains different products viz. Shampoo, Soaps, Detergent, Oils, Creams, Spices, Biscuits and Toffees but not necessarily in the same order.

Only two boxes are kept between box of Toffee and the box of Shampoo and both boxes are kept above the box of oils. Box R is kept just below the box of Detergent. Box C is kept above Box S but below Box T. Three boxes are kept between Box A, which doesn't contain Spices and Creams and Box P, which doesn't contain Biscuits and Toffee. The box which contains Soaps is kept just below Box P. Only three boxes are kept between the box of Soaps and the box of Oils. Box Q is kept just below the box of oils. Two boxes

are kept between the box of Biscuits, which is kept at the top and Box B, which doesn't contains Soaps and Spices.

- (a) P- Shampoo
- (b) R- Oils
- (c) Q- Spices
- (d) B- Toffee
- (e) All are incorrect

Ans.(d)

Q25. In a certain way if C is related to Shampoo and S is related Creams, then in the same pattern R is related to_____?

Study the following information carefully and answer the questions given below:

Eight boxes P, Q, R, S, T, A, B, and C are kept one above another, each box contains different products viz. Shampoo, Soaps, Detergent, Oils, Creams, Spices, Biscuits and Toffees but not necessarily in the same order.

Only two boxes are kept between box of Toffee and the box of Shampoo and both boxes are kept above the box of oils. Box R is kept just below the box of Detergent. Box C is kept above Box S but below Box T. Three boxes are kept between Box A, which doesn't contain Spices and Creams and Box P, which doesn't contain Biscuits and Toffee. The box which contains Soaps is kept just below Box P. Only three boxes are kept between the box of Soaps and the box of Oils. Box Q is kept just below the box of oils. Two boxes are kept between the box of Biscuits, which is kept at the top and Box B, which doesn't contains Soaps and Spices.

- (a) Toffee
- (b) Spices
- (c) Biscuits
- (d) Oils
- (e) None of these

Ans.(e)

Q26. Who sits third to the left of the one who age is 59 Years?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, T, U, V, and W are sitting around a circular table facing the center. they all have different age viz.15 years, 13 years, 35 years, 36 years, 60 years, 28 years, 72 years, and 59 years but not necessarily in the same order. S and P are immediate neighbors of each other but neither of them is more than 36 years old. U is not an immediate neighbor of T. W's age is not 60 years and also he doesn't sit immediate left of R. P is one year younger to S. W is younger to R. Q, whose age is a multiple of 7 sits second to the left of R and three persons sit between R and P. Only one person sit between R and the one who is age is 60 years. The one whose age is 59 years sits third to the left of the one whose age is 60 years. Three persons sit between T, who is the eldest person and the one whose age is 59 years.

- (a) S
- (b) T
- (c) U
- (d) W

(e) P

Ans.(e)

Q27. Who among the following sits opposite to the one who sits third to the left of V?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, T, U, V, and W are sitting around a circular table facing the center. They all have different ages viz. 15 years, 13 years, 35 years, 36 years, 60 years, 28 years, 72 years, and 59 years but not necessarily in the same order. S and P are immediate neighbors of each other but neither of them is more than 36 years old. U is not an immediate neighbor of T. W's age is not 60 years and also he doesn't sit immediately left of R. P is one year younger to S. W is younger to R. Q, whose age is a multiple of 7 sits second to the left of R and three persons sit between R and P. Only one person sits between R and the one whose age is 60 years. The one whose age is 59 years sits third to the left of the one whose age is 60 years. Three persons sit between T, who is the eldest person and the one whose age is 59 years.

(a) T

(b) Q

(c) P

(d) R

(e) None of these

Ans.(a)

Q28. How many maximum persons sit between the youngest and the oldest person when counted from the left of the youngest person?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, T, U, V, and W are sitting around a circular table facing the center. They all have different ages viz. 15 years, 13 years, 35 years, 36 years, 60 years, 28 years, 72 years, and 59 years but not necessarily in the same order. S and P are immediate neighbors of each other but neither of them is more than 36 years old. U is not an immediate neighbor of T. W's age is not 60 years and also he doesn't sit immediately left of R. P is one year younger to S. W is younger to R. Q, whose age is a multiple of 7 sits second to the left of R and three persons sit between R and P. Only one person sits between R and the one whose age is 60 years. The one whose age is 59 years sits third to the left of the one whose age is 60 years. Three persons sit between T, who is the eldest person and the one whose age is 59 years.

(a) One

(b) Two

(c) Three

(d) Four

(e) Five

Ans.(e)

Q29. Which of the following statements is true about Q?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, T, U, V, and W are sitting around a circular table facing the center. They all have different ages viz. 15 years, 13 years, 35 years, 36 years, 60 years, 28 years, 72 years, and 59 years but not necessarily in the same order. S and P are immediate neighbors of each other but neither of them is

more than 36 years old. U is not an immediate neighbor of T. W's age is not 60 years and also he doesn't sit immediate left of R. P is one year younger to S. W is younger to R. Q, whose age is a multiple of 7 sits second to the left of R and three persons sit between R and P. Only one person sit between R and the one who is age is 60 years. The one whose age is 59 years sits third to the left of the one whose age is 60 years. Three persons sit between T, who is the eldest person and the one whose age is 59 years.

- (a) Q sits immediate left of U
- (b) Q sits second to the right of the one whose age is perfect square
- (c) Q faces V
- (d) All are true
- (e) Both (a) and (c)

Ans.(e)

Q30. Four of the following five are alike in a certain way based on a group, which of the following does not belong to that group?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, T, U, V, and W are sitting around a circular table facing the center. they all have different age viz. 15 years, 13 years, 35 years, 36 years, 60 years, 28 years, 72 years, and 59 years but not necessarily in the same order. S and P are immediate neighbors of each other but neither of them is more than 36 years old. U is not an immediate neighbor of T. W's age is not 60 years and also he doesn't sit immediate left of R. P is one year younger to S. W is younger to R. Q, whose age is a multiple of 7 sits second to the left of R and three persons sit between R and P. Only one person sit between R and the one who is age is 60 years. The one whose age is 59 years sits third to the left of the one whose age is 60 years. Three persons sit between T, who is the eldest person and the one whose age is 59 years.

- (a) Q – 35 Years
- (b) R – 15 Years
- (c) U – 59 Years
- (d) V -60 Years
- (e) S- 36 Years

Ans.(a)

Q31. "Dowry" which is illegal in India but it is entertained very pleasantly by the family members and grooms itself. They take it as their birth right. There is a mindset in society that women have to take care of kitchen, babies and home and men have to see their office only. But the bitter truth is that a woman gives many sacrifices in comparison to men in persuasion of society.

Which of the following is not in line according to above statement?

- I. There should be awareness program about dowry which should be regulated in the society on timely basis.
- II. There should be law of death penalty for rape cases which is a must do step in India.
- III. It is also believed that women should follow the customs that are made by the society for better civilization.

- (a) Only III
- (b) Both I and III
- (c) Both II and III

- (d) Only II
(e) None of these

Ans.(d)

Q32. What is the sum of the age of the Engineer and the Plumber?

Read the following information carefully and answer the following questions.

Nine persons A, B, C, D, E, F, G, H, and I are born in nine different year viz. 1976, 1978, 1980, 1984, 1988, 1991, 1995, 2001, 2004 but not necessarily in the same order. (The age of persons will be calculated with respect to the year 2021.) They all have different occupation viz. Driver, Plumber, Carpenter, Painter, Singer, Nurse, Banker, Doctor, and Engineer but not necessarily in the same order.

F is younger than G but older than H, who is not a nurse. The one whose age is 41 years is not a singer. The sum of age the plumber and C is 62 years. Only three persons are younger to B, who is a driver. The one who is the second oldest is Carpenter. D's age is not 26 years. E was born in a year after B, but he was not born in a leap year. Only two persons was born between E and A. The sum of age of D and the one who is Doctor is 67 years. The difference between the age of Nurse and the carpenter is 6 years. A is not a Nurse. I was not born in 1984 and he is neither a plumber nor a carpenter. D is neither an Engineer nor a Banker. The sum of age of Painter and Singer is 61 years. A is not an Engineer.

- (a) 62 years
(b) 63 years
(c) 71 years
(d) 65 years
(e) None of these

Ans.(a)

Q33. How many persons are younger than A?

Read the following information carefully and answer the following questions.

Nine persons A, B, C, D, E, F, G, H, and I are born in nine different year viz. 1976, 1978, 1980, 1984, 1988, 1991, 1995, 2001, 2004 but not necessarily in the same order. (The age of persons will be calculated with respect to the year 2021.) They all have different occupation viz. Only two persons was born between E and A. The sum of age of D and the one who is Doctor is 67 years. The difference between the age of Nurse and the carpenter is 6 years. A is not a Nurse. I was not born in 1984 and he is neither a plumber nor a carpenter. D is neither an Engineer nor a Banker. The sum of age of Painter and Singer is 61 years. A is not an Engineer.

- (a) Three
(b) Four
(c) One
(d) Five
(e) Two

Ans.(b)

Q34. In which year F was born?

Read the following information carefully and answer the following questions.

Nine persons A, B, C, D, E, F, G, H, and I are born in nine different year viz. 1976, 1978, 1980, 1984, 1988, 1991, 1995, 2001, 2004 but not necessarily in the same order. (The age of persons will be calculated with respect to the year 2021.) They all have different occupation viz. I was not born in 1984 and he is neither a plumber nor a carpenter. D is neither an Engineer nor a Banker. The sum of age of Painter and Singer is 61 years. A is not an Engineer.

- (a) Plumber
- (b) Engineer
- (c) Carpenter
- (d) Painter
- (e) Banker

Ans.(a)

Q36. What is the difference of the money persons sitting at the corner have?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, V, X, Y, and Z are sitting in a straight row such that some of them are facing north and some of them are facing south direction but not necessarily in the same order. They all have different amount of money with them viz. Rs29, Rs49, Rs64, Rs36, Rs71, Rs67, Rs.32, and Rs43 but not necessarily in the same order.

Y and X faces the opposite direction as Z, who has 43 rupee. R has more money than P, who sits near to Q. X has less money than P. Immediate neighbor of X faces the same direction. Y does not sit near to V. The one who has the highest amount of money sits third to the left of V. Neither V nor the one who has highest amount of money sits at the corner. The immediate neighbor of the one who has highest money faces south direction. Three persons sits between the one who has Rs67 and the one who has the least amount of money and one of them sits at the right corner of the row. The one who has the least amount of money is not an immediate neighbor of the one who has the highest amount of money. V has 36ruppes. Q neither have the highest nor the lowest amount money. Z sits third to the right of Q. Y and X are immediate neighbors of Z. The number of persons sitting between Y and V is same as the number of persons sitting between V and S, who does not face south. The number of persons sitting to the left of V is same as the number of persons siting to the right of Q.

- (a) Rs31
- (b) Rs38
- (c) Rs33
- (d) Rs35
- (e) None of these

Ans.(d)

Q37. What is the position of Z, with respect to P?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, V, X, Y, and Z are sitting in a straight row such that some of them are facing north and some of them are facing south direction but not necessarily in the same order. They all have different amount of money with them viz. Rs29, Rs49, Rs64, Rs36, Rs71, Rs67, Rs.32, and Rs43 but not necessarily in the same order.

Y and X faces the opposite direction as Z, who has 43 rupee. R has more money than P, who sits near to Q. X has less money than P. Immediate neighbor of X faces the same direction. Y does not sit near to V. The one who has the highest amount of money sits third to the left of V. Neither V nor the one who has highest amount of money sits at the corner. The immediate neighbor of the one who has highest money faces south direction. Three persons sits between the one who has Rs67 and the one who has the least amount of money and one of them sits at the right corner of the row. The one who has the least amount of money is not an immediate neighbor of the one who has the highest amount of money. V has 36ruppes. Q neither have the highest nor the lowest amount money. Z sits third to the right of Q. Y and X are immediate neighbors of Z. The number of persons sitting between Y and V is same as the number of persons sitting between V and S, who does not face south. The number of persons sitting to the left of V is same as the number of persons siting to the right of Q.

- (a) Second to the left
- (b) Second to the right

- (c) Third to the right
- (d) Either (a) or (b)
- (e) None of these

Ans.(e)

Q38. How many persons have less money than P?

Read the following information carefully and answer the following questions.

Eight persons P, Q, R, S, V, X, Y, and Z are sitting in a straight row such that some of them are facing north and some of them are facing south direction but not necessarily in the same order. They all have different amount of money with them viz. Rs29, Rs49, Rs64, Rs36, Rs71, Rs67, Rs.32, and Rs43 but not necessarily in the same order.

Z sits third to the right of Q. Y and X are immediate neighbors of Z. The number of persons sitting between Y and V is same as the number of persons sitting between V and S, who does not face south. The number of persons sitting to the left of V is same as the number of persons sitting to the right of Q.

- (a) One
- (b) Two
- (c) Three
- (d) Five
- (e) None of these

Ans.(e)

Q39. Statement: Should all the students graduating in any discipline desirous of pursuing post-graduation of the subjects of their choice be allowed to enroll in the post-graduate courses?

Arguments:

- I. Yes. The students are the best judge of their capabilities and there should not be restrictions for joining post-graduate courses.
- II. No. The students need to study relevant subjects in graduate courses to enroll in post-graduate courses and the students must fulfill such conditions.
- III. No. There are not enough institutes offering post-graduate courses which can accommodate all the graduates desirous of seeking post-graduate education of their own choice.

- (a) None is strong
- (b) Only I and II are strong
- (c) All are strong
- (d) Only I and III are strong
- (e) None of these

Q40. The argument about whether demonetization was good or bad for the economy refuses to die down even a year after the event. While one can endlessly debate, with very little data, on whether the ban on high-value currency notes dealt a body blow to terrorism, corruption and counterfeiting, one area in which its impact can be quantified with data is tax compliance. In FY18, net collections increased by 17.1%.

Which of the following can be postulated from the given statement?

- I. Counterfeiting of notes was one of the major concern for Government of India.
- II. Many economists has termed it wrong as it has impact badly on the weaker section of the society.
- III. There has been revamp in the percentage increase of direct tax with respect to indirect tax.

- (a) Only III
- (b) Both I and III
- (c) Both II and III
- (d) Only II
- (e) None of these

Ans.(e)
