Directions (70-74): Read the following passage carefully and answer the questions based on the passage:

India's startup ecosystem has witnessed remarkable growth over the past decade, transforming the country into the third-largest startup hub globally. With more than 1.5 lakh startups recognized as of early 2025, India stands out due to its vibrant entrepreneurial spirit and robust support system. Major cities such as Bengaluru, Mumbai, and Hyderabad lead this surge, while tier-2 and tier-3 cities are increasingly contributing innovations and enterprises.

The government's flagship initiative, Startup India, launched in 2016, has played a pivotal role in nurturing innovation by providing startups with financial assistance, mentorship, and regulatory ease. Additionally, a growing pool of young, tech-savvy professionals, combined with widespread internet and smartphone penetration, creates an ideal environment for digital innovation. This ecosystem has

produced over a hundred unicorns, startups valued at over one billion dollars, boosting India's economic growth and employment generation substantially.

Startups are driving a cultural shift from job seekers to job creators by fostering entrepreneurial opportunities nationwide. Sectors like fintech, edtech, healthtech, and e-commerce are flourishing and addressing local challenges while gaining global recognition. The synergy among incubators, accelerators, investors, and the government continues to fuel India's ambition to become a global startup powerhouse in the years to come.
