Plummer performed in stage productions, including J.B., No Man's Land and Inherit the Wind. Plummer was born in Toronto, Ontario, and grew up in Senneville, Quebec.

After appearing on stage, he made his film debut in Stage Struck (1958), landed his first starring role that same year in Wind Across the Everglades and won great acclaim for his performance as Captain Georg von Trapp in the musical film The Sound of Music (1965) alongside Julie Andrews.
