Question Numbers: (31 to 35)

Question Label: Comprehension

निम्नलिखित गदयांश पढ़िए । दिए गए प्रश्नों के 31-35 उत्तर के सही उत्तर पहचानिए ।

भूमंडलीकरण एक परिघटना न होकर एक 'प्रक्रिया' है, जो क्रमशः एवं चरणबद्ध तरीके से वैश्विक समुदाय को एकीकृत करने का प्रयास कर रही है । यह प्रक्रिया उतनी ही पुरानी है जितनी मानव सभ्यता । हालांकि संकल्पना के रूप से इस शब्द की चर्चा विश्व युद्ध के बाद के काल में हुई, लेकिन सिंधु घाटी सभ्यता एवं सुमेरियाई सभ्यता के बीच व्यापारिक संबंध इसकी प्राचीनता की ओर इशारा करते हैं ।

आधुनिक समय में संकल्पता 1960 के दशक से चर्चा में आई जब कैनेडियाई साहित्य के आलोचक मार्शल लोहान ने वैश्विक ग्राम शब्द को लोकप्रिय बनाया था । तकनीक के बढ़ने के साथ ही यह प्रक्रिया और तीव्र होती गई, लेकिन शीतयुद्ध के माहौल ने इसकी रफ्तार मंद रखी । 1991 में सोवियत संघ के विघटन तथा भारतीय अर्थव्यवस्था के खुलने से प्रक्रिया तो तीव्र हुई ही, भारत भी इस वैश्विक ग्राम का एक महत्वपूर्ण सदस्य बन गया । इसने भारतीय समाज को गंभीरता से प्रभावित किया । इसके कुछ प्रभाव सकारात्मक रहे तो कुछ नकारात्मक। भूमंडलीकरण के सामाजिक प्रभाव सबसे अधिक प्रभावी और स्थायी हैं ।

निम्निलिखित पद्यांश पढ़िए । दिए गए प्रश्नों के 36-40 सही उत्तर पहचानिए ।
जिस-जिससे पथ पर स्नेह मिला,
उस उस राही को धन्यवाद,
जीवन अस्थिर अनजाने ही,
हो जाता पथ पर मेल कहीं
सीमित पग-डग, लंबी मंजिल
तय कर लेना कुछ खेल नहीं
दाएँ-बाएँ सुख-दुख चलते
सम्मुख चलता पथ का प्रसाद
जिस-जिससे पथ पर स्नेह मिला,
उस-उस राही को धन्यवाद ।
साँसों पर अवलंबित काया,
जब चलते-चलते चूर हुई,
दो स्नेह शब्द मिल गए,
मिली नव स्फूर्ती, थकावट दूर हुई ।

Read the following passage and answer the questions given. Choose the correct option

for each question.

Death is reported simply numerically-ten killed, three injured. These faceless, nameless

dead seem non-human. It fails to arouse any deep feeling of loss or pain. The disasters like

the Bhopal gas tragedy, blast in Mumbai make us withdraw psychologically and resign

ourselves to the tragedy. The riots in particular cities have left people helpless, that is, we

accepted death a reality to live with. If the reality seems threatening, the psychological

mechanism of denial is used: we say to ourselves it cannot happen in our city or to ourselves.

When tragedy strikes, the unconscious, sadistic and aggressive impulses are aroused in many

individuals. The gory details of tragic events are discussed clinically, news reports read and

compared. Many secretly relish such happenings and so discussions are held on them.

Though most will not consciously accept them, psychologists attribute such impulses to a

sense of irritation and depersonalisation which are common among city dwellers. This leaves

them immune to human sufferings.

Indifference to human suffering also stems from fear of law and the police. People shy

away from social responsibility due to the police and the law leaves people incapable of

being responsive to human misery. Fear of reprisals is another important reason why people

turn away from suffering. The attackers generally have helper of the victims as their targets

because they are out to destroy every trace of being identified.
