Q.7 In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank.

Once an experiment was conducted on pre school children by a _____. They were given a marshmallow and were told to eat it as and when they wanted. However, there was a condition, if they could resist eating it before the researcher came back in half an hour they would be _____ with one extra marsh mallow. Saying so, he left the room and observed their behaviour from a secured place. 80% of children acted _____ and gobbled up their marshmallows quickly. The remaining 20% _____ the temptation, engaged themselves in singing, talking, dancing, etc., to divert their mind and resist the temptation. Years later, the researcher contacted this 20% of people to see how they fared in their life. To his surprise he found them successful in life, they were good leaders in their organisations, responsible family members, dependable friends and worthy member of their community. This proves that successful leaders are different from the 'instant gratification' group. These people were able to manage their stress, handle their emotions, were confident and _____ better self control and self discipline. Thus, one must abstain from instant gratifications.

- Ans ☒ 1. psychologist, warded, spontaneously, resisted, showed
☒ 2. psychologist, warded, spontaneously, resisted, exhibited
☒ 3. sociologist , rewarded, spontaneously, resisted, exhibited
☒ 4. psychologist, rewarded, spontaneously, resisted, exhibited

Q.16 In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank.

Once there was a bird, which found the _____ too cold and so decided to move to a _____ place. However, in between the cold wind froze _____ so badly that it fell on the ground with a big thud. Suddenly the bird found itself warm, and very soon it realised that it was cow dung. The idea of being _____ right in the middle of cow dung made it feel unhappy. But it had no _____. Very soon it started getting cosier and started singing in joy. A cat that was _____ was curious to hear a musical sound coming from cow dung. Curious as it was, immediately it dug out the bird from the cow dung. The new found freedom made the bird cheerful and it thanked the cat for helping. Immediately, the cat pounced on it and ate the bird. The moral of the story – not every difficult situation is bad, holding on in troubled times is a test one must pass, not every one who helps you is your well wisher. So, act wisely.

- Ans ☒ 1. weather, new, her, placed, choice, passing out
☒ 2. weather, better, her, situated, choice, passing by
☒ 3. weather, new, it, situated, choice, passing by
☒ 4. climate, new, it, situated, choice, passing by

Comprehension:

Read the given passage and select the central theme from the given options.

According to the Justice JS Verma Commission (2012) constituted by the Supreme Court, a majority of stand-alone TEIs – over 10,000 in number are not even attempting serious teacher education but are essentially selling degrees for a price. Regulatory efforts so far have neither been able to curb the malpractices in the system, nor enforce basic standards for quality, and in fact have had the negative effect of curbing the growth of excellence and innovation in the sector. The sector and its regulatory system are, therefore, in urgent need of revitalisation through radical action, in order to raise standards and restore integrity, credibility, efficacy, and high quality to the teacher education system.
(National Education Policy, 2020)

SubQuestion No : 17

Q.17 what inference would you draw from the above passage ?

- Ans
- ☒

1. Quality of education in TEI improved due to regulations.
- ☐

2. Teacher Education Institutes need radical change
- ☐

3. Stand alone TEI offer good quality of teacher training
- ☐

4. Teacher education and its regulatory mechanism needs revamping urgently
