Read the given passage and answer the questions that follow.

Happiness is like the sun: it is often hidden by the clouds of thoughts, worries and desires. We have to scatter and dissolve them to experience happiness. You don't have to create happiness. All you have to do is calm your mind because when there is a quiet mind and inner peace, there is happiness. Happiness is not something far away and unattainable. Happiness does not depend on circumstances, objects or events. It is an inseparable part of our consciousness, of our essence but hidden and covered from sight by our thoughts, desires and worries. The mind is always in a constant race from one thought to another, from one worry to another. It constantly moves from one object or task to another, never standing still. This restlessness hides the happiness that is within you. It is like a choppy sea that hides the bottom. When the sea gets calm you can see the bottom. In the same way, when the mind gets quiet, you sense the happiness that is within you. You can experience more and more happiness in your life. Only your thoughts stand in your way of experiencing it. Next time you feel happy, stop for a moment and watch the state of your mind. You will be surprised to discover that it is calm, and there are almost no thoughts in your mind. Since the mind is not accustomed to staying in this peaceful state for long, it soon becomes active again, and the sense of happiness disappears.

This changed during the later Vedic age, when daughters were considered a social burden. Only girls belonging to upper-class families enjoyed education and got proper nourishment. From thereon, the condition of women in society only worsened. However, during the nineteenth century, many social reformers such as Raja Ram Mohan Roy, Sir Syed Ahmed Khan, Annie Besant, Jyotiba Phule, and others advocated for women's emancipation in India. Since then, there has been tremendous progress in every field, but unfortunately, girls are still neglected in many families. Their education is not considered important, and most of the parents feel that it is a waste of money. Due to this, the literacy rate of our nation is impacted. To be a developed nation, India needs to concentrate on female education. **Comprehension:**

Read the given passage and answer the questions that follow.

Right from the early Vedic period, people have been celebrating the birth of a son, but in those days, daughters born into a family were not neglected but were educated properly. This changed during the later Vedic age, when daughters were considered a social burden. Only girls belonging to upper-class families enjoyed education and got proper nourishment. From thereon, the condition of women in society only worsened. However, during the nineteenth century, many social reformers such as Raja Ram Mohan Roy, Sir Syed Ahmed Khan, Annie Besant, Jyotiba Phule, and others advocated for women's emancipation in India. Since then, there has been tremendous progress in every field, but unfortunately, girls are still neglected in many families. Their education is not considered important, and most of the parents feel that it is a waste of money. Due to this, the literacy rate of our nation is impacted. To be a developed nation, India needs to concentrate on female education. If women are educated, all the problems like female foeticide, dowry, child marriages, and other related atrocities would vanish from our country. Education will bring equality to our country, and India will be an uplifted country then.<sup>518</sup>

श्री मैथिलीशरण गुप्त के जन्मशताब्दी वर्ष में यह स्वाभाविक ही है कि उनके अवदान का मूल्याङ्कन और स्मरण किया जाये। उनकी कविता पर ध्यान इसलिए भी जाता है कि इसमें हमारी राष्ट्रीय चेतना का एक स्वरूप बड़े स्पष्ट रूप से व्यक्त हुआ है। निश्चय ही, यह विचारणीय है कि गुप्तजी द्वारा अभ्यांतरीकृत और अभिव्यक्त राष्ट्रीय चेतना की विशेषताएँ क्या हैं? यह प्रश्न केवल ऐतिहासिक ही नहीं, समकालिक भी है। हमारे देश के आधुनिक राष्ट्र राज्य बनने की ऐतिहासिक प्रक्रिया का एक चरण राष्ट्रीय स्वाधीनता प्राप्ति के साथ पूरा हुआ। स्वाधीनता आन्दोलन के दौरान हमारे समाज ने कुछ मूल्य अर्जित किये, कुछ अवधारणाएँ विकसित कीं, स्वप्न देखे, लेकिन आज इस विरासत की लगभग हर धारणा के सामने अभूतपूर्व तीखे सवाल हैं। यह भयानक राष्ट्रीय व्यथा का दौर है। राष्ट्रीय एकता के सामने अभूतपूर्व और अनापेक्षित दरारों की चुनौतियाँ हैं। समतावादी समाज के निर्णय का संकल्प करते-करते शासक वर्ग ने वस्तुतः उपभोगवादी समाज का निर्माण कर दिया है। भौतिक साधन सम्पन्नता में वृद्धि के बावजूद कंगाली कम होने की जगह विकराल रूप से बढ़ी है। धर्म निरपेक्ष राष्ट्रीय एकता की बात करते-करते हम ऐसी जगह आ पहुँचे हैं जहाँ कट्टर साम्प्रदायिकता की स्वीकृति ही नहीं, उसका औचित्य निरूपण भी धड़ल्ले से किया जा रहा है। हिंसा को तेजी से सामाजिक स्वीकृति मिल रही है।
