Q.15 Select the option that is related to Figure C in the same way as Figure B is related to Figure A.

Figure A: A square box containing a small star in the top-left corner, a question mark '?' in the bottom-left corner, and the letter 'R' in the bottom-right corner.

Figure B: A square box containing a small star in the top-left corner, two question marks '??' in the top-right corner, a question mark '?' in the bottom-left corner, and the letter 'R' in the bottom-right corner.

Figure C: A square box containing a small star in the top-left corner, an exclamation mark '!' in the bottom-left corner, and the letter 'B' in the bottom-right corner.

Figure D: A square box containing a question mark '?' in the center.

(A) (B) (C) (D)

Ans

✓ 1. A square box containing a small star in the top-left corner, two exclamation marks '!!' in the top-right corner, an exclamation mark '!' in the bottom-left corner, and the letter 'B' in the bottom-right corner.

✗ 2. A square box containing a small star in the top-left corner, two exclamation marks '!!' in the top-right corner, an exclamation mark '!' in the bottom-left corner, and the letter 'B' in the bottom-right corner.

✗ 3. A square box containing a small star in the top-left corner, two exclamation marks '!!' in the top-right corner, an exclamation mark '!' in the bottom-left corner, and the letter 'B' in the bottom-right corner.

✗ 4. A square box containing a small star in the top-left corner, an exclamation mark '!' in the top-right corner, two exclamation marks '!!' in the bottom-left corner, and the letter 'B' in the bottom-right corner.

**Q.23** In this question, a statement is followed by two courses of actions, numbered I and II. You must assume everything in the statement to be true and on the basis of the information given in the statement, decide which of the courses of actions logically follow(s) for pursuing.  
Statement:  
In spite of the principal's repeated warnings, a child was caught with a hidden mobile phone in the school.  
Courses of Action:  
I) The mobile phone should be taken away from the child and the parents should be called to the school.  
II) The child should be punished for committing this mistake.

**Ans**

- 1. Both (I) and (II) follow
- 2. Neither (I) nor (II) follows
- 3. Only (II) follows
- 4. Only (I) follows

Arrange the sentences in the correct order to form a meaningful and coherent paragraph.</p> <p>S1. CV Raman's story begins in a village near Tiruchirapalli (known in his days as Trichinopoly) in southern India.                  P. When he was four years old, Raman's family moved to Vishakapatnam.                  Q. He was born on 8 November 1888, the second child of R Chandrashekara Iyer and Parvati Ammal.                  R. Chandrasekara Iyer was an athletic man and he took active interest in sports.                  S. His father took up a job there, as a lecturer in Mrs. AV Narsimha Rao College, where he taught physics, mathematics and physical geography.                  S6. His younger son Raman was not physically very strong, but was very intelligent and he preferred to read books and work at his studies.</p>

<b>Comprehension:</b>															
<p>Read the given passage and answer the question that follows.</p> <p>Lena was an avid explorer. She had a deep fascination for the mysteries hidden within the dense forests. One day, while wandering through a secluded forest, she stumbled upon an ancient-looking map half-buried in the undergrowth. The map depicted a trail that led to a legendary waterfall rumoured to possess magical properties. Driven by her curiosity, Lena decided to follow the trail.</p> <p>As she walked deeper into the forest, the atmosphere grew more enchanting. Sunlight filtered through the thick canopy, casting dappled patterns on the ground. The sound of rustling leaves and distant bird calls created a symphony of nature around her. Guided by the map's markings, Lena navigated through challenging terrains and crossed a narrow rope bridge suspended over a crystal-clear stream.</p> <p>Finally, after hours of journeying, Lena arrived at the foot of the legendary waterfall. Its cascading waters sparkled like diamonds in the sunlight, and a gentle mist enveloped the surroundings. Lena felt a sense of wonder and tranquillity as she dipped her hand in the cool waters, as if the legends were coming alive. She sat by the waterfall, captivated by its beauty, pondering the ancient stories that had led her here.</p>

<b>Comprehension:</b>	
<p>Read the given passage and answer the question that follows.</p> <p>As a result of increasing population and expansion of residential areas, forest lands are being encroached. This is not all; even the wildlife is under extreme threat. As our fauna is facing a dearth of adequate shelter in forests, they are heading towards towns and hence get killed by hunters. Consequently, many animal species have either become extinct or are on the verge of extinction. The Black Buck is almost endangered and found only in two countries, Nepal and India. In India, this antelope is found in many national parks like Guindy National Park, Point Calimere and Vellandu sanctuaries of Tamil Nadu, Rollapadu of Andhra Pradesh, few parts of Rajasthan and Haryana. As far as their habitat is concerned, they live in open grasslands, dry areas or thinly populated areas and near water resources. They live in the desert areas of Rajasthan and coastal areas because they cannot sustain cold climate. They are the fastest running animals on this planet. Further, this animal is active during the day, but slows down in its activities after mid-day. They are social beings. Hence, they move with their herds, which can vary from 3 to 23 mates. They cohabit twice in a year and give birth twice in a year.</p> <p>Prior to independence, this antelope was extensively hunted which affected their population so much that this species has reached the stage of extinction in many parts of the country. Poachers kill them mainly for material gain. Its skin has an enormous value in the market. In order to protect this species, the IUCN has declared this species nearly threatened. Hence, under Schedule I of the Wildlife Protection Act of 1972, numerous stern measures have been taken. To specify a few, Kaimur Wildlife Sanctuary (Bihar), Gir Forest National Park, Velavadar Wildlife Sanctuary (Gujarat), National Chambal Sanctuary, etc. Despite these acts, hunting is adversely affecting our wildlife. There are some solutions to this problem but the best one is to boycott the products made from endangered species at an international level. This seems to be effective but will it prevent animal hunting? That's a question.</p>	
<b>SubQuestion No : 37</b>	
<b>Q.37</b>	<b>What is the theme of this passage?</b>
<b>Ans</b>	<p>✓ 1. Endangered species</p> <p>✗ 2. Over-population</p> <p>✗ 3. Land encroachment</p> <p>✗ 4. Forests and their uses</p>

Chosen Option :	2

<b>Comprehension:</b>	
Read the given passage and answer the question that follows. As a result of increasing population and expansion of residential areas, forest lands are being encroached. This is not all; even the wildlife is under extreme threat. As our fauna is facing a dearth of adequate shelter in forests, they are heading towards towns and hence get killed by hunters. Consequently, many animal species have either become extinct or are on the verge of extinction. The Black Buck is almost endangered and found only in two countries, Nepal and India. In India, this antelope is found in many national parks like Guindy National Park, Point Calimere and Vellandu sanctuaries of Tamil Nadu, Rollapadu of Andhra Pradesh, few parts of Rajasthan and Haryana. As far as their habitat is concerned, they live in open grasslands, dry areas or thinly populated areas and near water resources. They live in the desert areas of Rajasthan and coastal areas because they cannot sustain cold climate. They are the fastest running animals on this planet. Further, this animal is active during the day, but slows down in its activities after mid-day. They are social beings. Hence, they move with their herds, which can vary from 3 to 23 mates. They cohabit twice in a year and give birth twice in a year. Prior to independence, this antelope was extensively hunted which affected their population so much that this species has reached the stage of extinction in many parts of the country. Poachers kill them mainly for material gain. Its skin has an enormous value in the market. In order to protect this species, the IUCN has declared this species nearly threatened. Hence, under Schedule I of the Wildlife Protection Act of 1972, numerous stern measures have been taken. To specify a few, Kaimur Wildlife Sanctuary (Bihar), Gir Forest National Park, Velavadar Wildlife Sanctuary (Gujarat), National Chambal Sanctuary, etc. Despite these acts, hunting is adversely affecting our wildlife. There are some solutions to this problem but the best one is to boycott the products made from endangered species at an international level. This seems to be effective but will it prevent animal hunting? That's a question.	
<b>SubQuestion No : 39</b>	
<b>Q.39</b>	<b>What is the author's tone in this passage?</b>
<b>Ans</b>	<input checked="" type="checkbox"/> 1. Concerned <input type="checkbox"/> 2. Revengeful <input type="checkbox"/> 3. Impressed <input type="checkbox"/> 4. Agitated
