जिनमें सहिष्णुता की भावना होती है, केवल ऐसे लोग अध्यापक होने योग्य होते हैं। जिनका बच्चों से प्यार भरा लगाव होता है, उनमें धैर्य स्वभावतः आ जाता है। अध्यापकों को जिस अंतर्निहित गंभीर समस्या से जूझना पड़ता है, वह यह है कि उन्हें जिनको देखना है वे शक्ति और प्रभुता में उनकी बराबरी के नहीं होते। अध्यापक के लिए एकदम तुच्छ या बिना किसी कारण के या फिर वास्तविकता की बजाए किसी काल्पनिक कारण के चलते अपने छात्रों के सामने धैर्य खो देना, उनकी खिल्ली उड़ाना, उन्हें अपमानित या दंडित करना एकदम आसान और संभव है। जो एक निर्बल अधीन राष्ट्र पर शासन करते हैं, उनमें न चाहते हुए भी गलत काम करने की प्रवृत्ति पाई जाती है। उसी तरह ऐसे अध्यापक होते हैं जो बच्चों के ऊपर अपने प्रभुत्व का शिकार हो जाते हैं। जो शासन के अयोग्य होते हैं, उन्हें केवल कमजोर लोगों पर अन्याय करते हुए कोई अपराध बोध नहीं होता, बल्कि ऐसा करने में उन्हें एक खास तरह का मजा मिलता है। बच्चे अपनी माँ की गोद में कमजोर अहसाय और अज्ञानी होते हैं। माता के हृदय में स्थित प्रचुर प्यार ही उनकी रक्षा की एकमात्र गारंटी होता है इसके बावजूद हमारे घरों में इस बात के उदाहरण कम नहीं कि कैसे हमारे स्वाभाविक प्यार पर धीरज का अभाव और उद्धत प्राधिकार विजय प्राप्त कर लेते हैं और बच्चों को अनुचित कारणों से दंडित होना पड़ता है।

जिनमें सहिष्णुता की भावना होती है, केवल ऐसे लोग अध्यापक होने योग्य होते हैं। जिनका बच्चों से प्यार भरा लगाव होता है, उनमें धैर्य स्वभावतः आ जाता है। अध्यापकों को जिस अंतर्निहित गंभीर समस्या से जूझना पड़ता है, वह यह है कि उन्हें जिनको देखना है वे शक्ति और प्रभुता में उनकी बराबरी के नहीं होते। अध्यापक के लिए एकदम तुच्छ या बिना किसी कारण के या फिर वास्तविकता की बजाए किसी काल्पनिक कारण के चलते अपने छात्रों के सामने धैर्य खो देना, उनकी खिल्ली उड़ाना, उन्हें अपमानित या दंडित करना एकदम आसान और संभव है। जो एक निर्बल अधीन राष्ट्र पर शासन करते हैं, उनमें न चाहते हुए भी गलत काम करने की प्रवृत्ति पाई जाती है।

उसी तरह ऐसे अध्यापक होते हैं जो बच्चों के ऊपर अपने प्रभुत्व का शिकार हो जाते हैं। जो शासन के अयोग्य होते हैं, उन्हें केवल कमजोर लोगों पर अन्याय करते हुए कोई अपराध बोध नहीं होता, बल्कि ऐसा करने में उन्हें एक खास तरह का मजा मिलता है। बच्चे अपनी माँ की गोद में कमजोर अहसास और अज्ञानी होते हैं माता के हृदय में स्थित प्रचुर प्यार ही उनकी रक्षा की एकमात्र गारंटी होता है इसके बावजूद हमारे घरों में इस बात के उदाहरण कम नहीं कि कैसे हमारे स्वाभाविक प्यार पर धीरज का अभाव और उद्धत प्राधिकार विजय प्राप्त कर लेते हैं और बच्चों को अनुचित कारणों से दंडित होना पड़ता है।

Comprehension:

Read the given passage written by Narayani Ganesh and answer the questions that follow.

Work that nourishes the mind, body and soul. Why do we work? Most would say to sustain themselves and their families. While some may love their profession, monetary return remains essential. However, the tragedy begins when work feeds only the body and mind, leaving the soul starved. Prolonged neglect of the soul due to relentless work pressures can be deeply damaging—emotionally, mentally and even physically.

The solution lies in finding a creative outlet—something simple, hands-on, and joy-giving that isn't burdened by deadlines or expectations. Activities like playing an instrument, gardening, painting, embroidery, carpentry or any other hobby that brings peace and fulfillment can nourish the soul. Such pursuits can lead to a profound transformation. They not only provide inner joy but also enhance one's efficiency, creativity and problem-solving abilities at work. This change improves interpersonal skills and makes the individual more engaged and present in both, professional and personal life.

Gradually, instead of wasting time on passive entertainment like mindless scrolling or binge-watching, one starts valuing time and connecting more meaningfully with the world. The mind, body and soul begin to function in harmony, leading to inner joy and outward positivity. This rejuvenation fosters compassion, love and appreciation, replacing complaints with gratitude. Even monotonous tasks become opportunities for innovation.

This inner shift mirrors cultural movements like slow food or the resurgence of reading in a screen-dominated age. As John Ruskin said, "The highest reward for a man's toil is not what he gets for it but what he becomes by it." Let's pursue that deeper reward.

The mind, body and soul begin to function in harmony, leading to inner joy and outward positivity. This rejuvenation fosters compassion, love and appreciation, replacing complaints with gratitude. Even monotonous tasks become opportunities for innovation.

This inner shift mirrors cultural movements like slow food or the resurgence of reading in a screen-dominated age. As John Ruskin said, "The highest reward for a man's toil is not what he gets for it but what he becomes by it." Let's pursue that deeper reward.
